:
:
:
: Administrative Action
: CONSENT ORDER
:
: FOR REINSTATEMENT
:

This matter was opened to the New Jersey State Board of Social Work Examiners ("Board") upon the application of Rona Wall ("respondent") to have her license as a Licensed Clinical Social Worker reinstated pursuant to the Consent Order filed on February 2, 2001. On March 20, 2002, respondent appeared before the Board to demonstrate her ability and fitness to practice social work.

Upon review of the matter, the Board determined that respondent has complied with all the provisions of the Consent Order. Further, reports from respondent's therapist and psychological evaluator indicate that there is no reason that respondent cannot resume the practice of clinical social work.

IT IS ON THIS 30th DAY OF May 2002,
HEREBY ORDERED AND AGREED THAT:

1. Respondent's license as a Licensed Clinical Social Worker shall be reinstated.
2. During the remaining stayed term of the suspension, from the entry of this Consent Order until February 6, 2006, respondent shall practice only under the supervision of a supervisor approved in advance by the Board.
3. Respondent's supervisor shall review the intake information of each potential client, and the supervisor shall determine whether respondent may treat the client.
4. For a minimum of twelve months from the entry of the Consent Order, respondent shall engage in psychotherapy with a therapist approved by the Board. The therapy sessions shall be a minimum of twice a month. Respondent shall cause the therapist to provide quarterly reports directly to the Board with respect to her attendance and progress, the first such report being due no later than September 3, 2002.
5. For a period of two years from the resumption of active practice, respondent shall not have a solo private practice and/or

have an office in her home.
